

ALLIES SEND NEW NOTE TO HOLLAND

Supreme Council Makes Fresh
Demand Signed by Lloyd
George.

TURKISH PACT TAKEN UP

Will Be Discussed Continuous-
ly Until Treaty Is Finally
Framed.

LONDON, Feb. 14.—The Allied Supreme Council to-day forwarded to Holland the note prepared yesterday on the case of former Emperor William, whose surrender to the Entente was refused recently by the Dutch Government. The note was signed by Premier Lloyd George as president of the Council.

(Previous despatches have indicated that the note emphasized the unanimous view of the Allies that the presence of the former German ruler in Holland constituted a danger to the peace of Europe and that it appealed to Holland not to create greater difficulties by insisting on his right of asylum.)

At this morning's session of the Council the Adriatic question and the Turkish peace terms were discussed.

The Turkish terms occupied nearly all of the morning session. They were considered by the Council and the Turkish terms were discussed continuously until the Turkish treaty is framed.

Hungary has been given an extension of eight days from the time limit of February 14, previously fixed, in which to reply to the Allied terms.

The Adriatic question was put aside and is awaiting the next move from the Jugoslavs. The fact that Premier Lloyd George gave up his customary Saturday afternoon golf and the Council sat early the whole day is taken as an indication of the Council's disposition to push its work energetically.

The Supreme Council in an evening session, again discussed the Adriatic question, but was chiefly concerned with the Turkish treaty, the drafting of which progressed substantially, despite the complexity of historical cities, affecting Constantinople and Jerusalem.

No reply has been received as yet from the Jugoslavs, excepting a formal acknowledgement of the allied Powers' note. The Council adjourned soon after 7 o'clock until Monday.

Capelle Reaches Switzerland.

GENEVA, Feb. 14.—Vice Admiral von Capelle, formerly Minister of the German Navy, whose name appears among the Germans whose extradition is demanded by the Allies, arrived today at Davos, Canton of Grisons. Crown Prince Rupprecht of Bavaria has been at Davos for some time.

Kaiser Appealed to the Dutch.

PARIS, Feb. 14.—Ex-Emperor William's disapproval of the offer recently made by his son, the Ex-Crown Prince, to surrender himself to the Allies was so strong that he made representations to the Dutch Government, according to a Berlin dispatch quoting a report printed by the Gazette of that city.

BOLIVIA MOVES TO GET PACIFIC PORT

Deputies Say Time Has Come
to Have Harbor in Arica.

BUENOS AIRES, (Friday), Feb. 13.—Despatches from La Paz say the Bolivian Chamber of Deputies has passed a resolution declaring, "The time has now come to incorporate in the dominion of the republic a port in Arica, over which the bordering nations of Chile and Peru will have no defined rights."

WASHINGTON, Feb. 14.—Recent developments indicate a tendency toward a more friendly feeling between Chile and Bolivia. Officials here in close touch with South American affairs see a possibility that the two countries may reach an agreement allowing Bolivia a Pacific port.

It is regarded here as likely that the demand of the Bolivian Chamber of Deputies was inspired by Chilean authorities, who are believed to be unwilling to concede that in order to secure Bolivia's support against Peru's claims to Tacna and Arica, Peru recently gave notice of her intention to submit the claims to the League of Nations. The so-called provinces of Tacna and Arica were taken from Peru by Chile in the war of 1879-1883. A plebiscite at the end of fifteen years provided for by the peace treaty, but was not held because of disagreement over the terms. Heretofore Bolivia has supported Peru because of the loss in the same war of the province of Tarapaca.

FIRST WIFE OF BOLO MARRIED LAWFULLY

But France Seeks Spy's Fortune
as a Traitor's.

PARIS, Feb. 14.—The French courts have just decided that the first of Bolo's two wives was married legally to him. The notorious spy, who was put to death by the French Government, married a singer named Mile. Soumille in 1894, when he was holding an obscure post in Argentina. After a few years he deserted her, and when he became rich and famous he married a second time in France and without obtaining a divorce.

Another lawsuit has been started to determine who shall inherit the money that Bolo left when he was executed. The greater part of the fortune was in German money and the French Government has put in a claim for all of it because he was executed as a traitor.

MAY STRIKE IN CANAL ZONE.

Order of Maintenance of Way Men
Applies There Too.

PANAMA, Friday, Feb. 12.—The strike order of the United Brotherhood of Maintenance of Way Workers from the United States, effective February 11, will apply to the workers of this class in Panama, Colon and the Canal Zone, it is declared in authoritative quarters here. Between 10,000 and 15,000 colored members of the order are affected, it is said.

The Panama Canal authorities are taking measures to handle the situation, should a strike develop.

Despatches from Panama last April announced that organizers of the Maintenance of Way Workers from the United States had formed unions in Panama, Colon and the Canal Zone. There were said then to be about 2,000 West Indian negroes employed in the Canal Zone whom the agents from the United States were trying to organize.

SPANISH CABINET AGREES TO REMAIN

But Minister of Public Works
Quits Office.

MADRID, Feb. 14.—Following the resignation of Amado Omeño y Cabanas, Minister of Public Works, Premier Salazar tendered the resignation of the entire Cabinet. King Alfonso reaffirmed his confidence in senior Salazar and the Cabinet will remain in office.

Senior Omeño's retirement has been advocated by some sections of the press on the ground that normal conditions could not be restored in Barcelona while he was a member of the Cabinet, since he was believed to represent the policy of former Premier Romanones, who is being held responsible in some quarters for the recent dismissal of Milars Bosch as Captain-General of Catalonia.

Premier Salazar will assume the Public Works portfolio vacated by Senior Omeño's resignation.

TWO BRITISH PEERS ADOPT STAGE CAREER

Earl Cowley and Lord Lynden
Earn Living as Actors.

LONDON, Feb. 14.—British society, which heretofore has held severely aloof from the stage, now is turning to that profession in large numbers. Earl Cowley and Lord Lynden, two peers of the realm, are earning their living as actors, as is the Hon. Mrs. Guy Chetwynde.

Lady Winifred Elwes' son, Lord Lynden, is playing the part of Lord Brookhurst in Barrie's "Admirable Crichton." Society is to be represented in the near future in a charity film in which Lord Henry Cavendish, Bentinck, Earl Craven, Lady Juliet Trevor and Lady Diana Duff-Cooper will appear.

MEMORIAL TO VERDUN DEAD.

Will Represent Subscriptions of
France, Britain and America.

PARIS, Feb. 14.—A memorial to the 400,000 allied soldiers who met death in the defense of Verdun will be erected through the combined subscriptions of France, Great Britain and the United States. Marshal Petain heads the committee, which has issued an appeal to the United States and Great Britain to join France in this work.

The monument will stand on Douaumont Hill, which overlooks the greater part of the Verdun battlefield.

Finland to Deport Reds.

HELSINKI, Finland, Feb. 14.—During the last few days fifty persons have been arrested in Finland charged with circulating bolshevik propaganda. Some distributed arms and bombs. Several are foreigners, who probably will be expelled from the country.

DECLARES LABOR IS UNFIT TO RULE

Churchill Repeats Words
Which Aroused Storm of
Criticism.

BLAMES RUSSIAN POLICY
Asserts Allied Powers Will
Run the Fact They Spared
Bolsheviki.

DUNDEE, Scotland, Feb. 14.—Winston Churchill, Secretary for War in addressing his constituents here to-day declared that labor was unfit to govern the nation. This was a reiteration of the statement he made recently which aroused a furore in the press and a storm of indignation among the labor interests.

In referring to his policy toward Russia, which has been the object of strong criticism, Mr. Churchill said: "I never believed in sending British troops to Russia, but short of that I have done everything in my power to help the local anti-Bolshevik forces. It was a matter of honor that we supply them with arms and equipment, but each and all of the great allied powers will rue the fact that they could not take more decided, united action to crush the Bolsheviki peril at its heart before it had grown too strong."

LONDON, Feb. 14.—Viscount Haldane, former Secretary of State for War, declared last night in a speech at Oxford that he was strongly in favor of nationalization of industries as a solution of the labor problem. If the industries were to be nationalized, he said, new men and women would have to be trained, as it would never do to leave the matter in the hands of the present civil service. Discontent in the labor ranks was largely due to ignorance, Viscount Haldane asserted, and labor must be given every chance to educate itself.

Sir Auckland Geddes, Minister of National Service and Reconstruction, speaking last night at the dinner of the Birmingham Chamber of Commerce, described the campaign of the coal miners as one for syndicalism. He said it would be impossible for the country to look for a prosperous future if a body of men, not representing the government, was allowed to control a vital industry.

Former Premier Asquith, returning to London yesterday after his campaign in the Paisley bye-election, received an enthusiastic welcome at many places. At Carlisle and Leeds, where his train made stops, crowds greeted Mr. Asquith, compelling him to make short addresses.

HAMBURG-AMERICAN LINE STILL GERMAN

Hundermann Declares That
It Will Remain So.

SPECIAL CABLE, Copyright, 1920, by THE SUN AND NEW YORK HERALD.
LONDON, Feb. 14.—Herr Hundermann, a director of the Hamburg-American line, has denied emphatically a report that Americans have obtained a big interest in that company, according to a Hamburg dispatch to-day to the Evening Standard.

Herr Hundermann was quoted as having said that the new preferred stock of the Hamburg-American line was so issued as to make it impossible for any one group to obtain financial control of the company.

"The Hamburg-American line is German, and it will remain German," he was quoted as saying.

ERZBERGER SUED BY OFFICERS

Army Men Say They Were In-
sulted by Minister.

BERLIN, Feb. 13 (Delayed).—Mathias Erzberger, Vice-Premier and Minister of Finance, has been sued by the League of German Officers for an alleged insult. The suit is based on the Minister's accusation, made at a meeting of the Clerical party, that the German Generals who were asked to escort ex-Empress Augusta Victoria in November, 1918, when she was permitted to visit the ex-Emperor at Amerongen, declined the assignment. She finally made the trip in company with General Rhade-wald and Herr Moikemuhler, majority Socialist leader.

The officers of the league charge Herr Erzberger with having made a defamatory statement and therefore are suing him.

CANADA MAY REMOVE TAX.

Business Profits Levy Considered
Handicap to Enterprise.

OTTAWA, Feb. 14.—The business profits tax probably will not be renewed in Canada because of representations from various quarters that it tends to handicap enterprise.

Under present conditions of exchange the premium on American funds would aid in defraying expenses of firms entering Canada, but many concerns are refraining from such a step because of fear that the tax will be continued.

No official announcement will be made until April. It is predicted the withdrawal of this tax will be followed by a heavier tax on industrial and corporate incomes.

New Colombian Railway.
